

FEELS BETTER  
NEXT MORNING

Senator Savage Comes U  
With a Compromise.

Butler en Route Home Wit  
the "Ultimatum."

San Pedro Solon Wants  
Two-thirds Vote.

BY B. FRANK GREAVES.

[BY DIRECT WIRE TO THE TIMES.]

SACRAMENTO, Feb. 1.—[Exclusive Dispatch.] Sidney A. Butler, president of the Consolidation Committee of Los Angeles, left for home this evening bearing the "ultimatum" of Senator Savage of San Pedro, who has taken it upon himself to say whether or not the cities of the State shall have the right to decide for or against consolidation.

After the stormy meeting of last evening, at which Senator Butler, Attorney Haas and all others connected with the movement of consolidation, and unscrupulous designs, the Senator apparently reconsidered his expressed intent to push the Consolidation Bill to the last ditch, for he appeared early this morning with a compromise.

Evidently satisfied now, that the prominent leaders of the movement are sincere in promoting the borough system and contented with the bill, he has agreed to support the bill that has been introduced. If the Consolidation Committee will amend its bill so that it will require a two-thirds vote rather than a majority, vote to carry the consolidation, Senator Savage says he will withdraw his opposition.

He provides also that the question shall not be raised again for four years. The bill, as now drawn, provides that the bill shall be effective if a majority in each of the towns or cities concerned shall vote in the affirmative. Senator Savage wants this affirmative vote to be made by a majority of the voters, never can be carried under such restrictions. This is a point he never raised before. He has said that he wanted the Consolidation Committee to make an agreement whereby each town or city should be required to return for the withdrawal of the bill, the "ultimatum" annexation election; he has charged that votes have been purchased in the recent San Pedro election, and he has made many other objections, but he apparently has waived all the members of the committee his two-thirds majority proposal.

Butler has returned to Los Angeles to lay this proposition before the Consolidation Committee, and in the meantime the matter will be in abeyance here.

When the bill is taken up for consideration by the Senate and Assembly committees—possibly some day next week—it is expected that Los Angeles, San Pedro and the other cities interested, will be fully prepared to make their arguments, and to carry the measure through to victory, or see it go down to defeat.

It will require an active campaign of publicity to make the people understand what is wanted. There is dense ignorance as to the real purpose of the proposed law. There also is active hostility in some quarters. To overcome this, a strong lobby of active citizens is being organized, and influential men will be asked to go to the ground. They will have to meet all sorts of objections, and they must be prepared to place the matter before the Senate and Assembly, particularly before the members of the committee that will report on the bill.

Leaders of the Republican "machine" have expressed themselves as bitterly opposed to the consolidation movement. Senator Leavitt of Oakland remains a stubborn in his opposition to the plan. He is looked upon as the "mouthpiece" of the organization. Whatever may be his faults, he is to a great extent the antagonist of the bill. He is a man of ability, and his mind can be changed. It is pretty certain that little can be accomplished in the way of the desired legislation.

PIERCE IS LOBBYING.

[BY DIRECT WIRE TO THE TIMES.]

SACRAMENTO, Feb. 1.—[Exclusive Dispatch.] Township Justice H. A. Pierce of Los Angeles came to Sacramento today to lobby against the bill through which it is proposed to increase the number of justices in that township to four and place them all on a salary of \$3000 a year.

The word has gone out, however, that the bill will pass, and it will take the township to four and place them all on a salary of \$3000 a year. The word has gone out, however, that the bill will pass, and it will take the township to four and place them all on a salary of \$3000 a year.

Justice Pierce laughs at the stories of the enormous returns of the two justices to four and place them all on a salary of \$3000 a year. He says he netted more than \$1000 a year during his last term and that Justice Young cleared no more than that amount. The word has gone out, however, that the bill will pass, and it will take the township to four and place them all on a salary of \$3000 a year.

At present, he points out, no public expense attaches to the conduct of the courts, the fee paying the rental and janitor service, and the remainder goes to the justice.

It has never been denied that the proposal to create the additional of justices was for the purpose of making places for politicians who were unsuccessful at the recent city and county elections in Los Angeles. The delegates were deemed to support the bill now before them.

COMMITTEES COMING.

[BY DIRECT WIRE TO THE TIMES.]

SACRAMENTO, Feb. 1.—[Exclusive Dispatch.] Members of the Senate committees on Public Buildings, Finance and Prisons and Reformatories, left for Sacramento this evening on the "Owl" for the Southern California. The party included Senators Willis of San Bernardino, Wright of San Diego, Munster of Stockton, Price of Santa Rosa and "Doc" Martin, Sergeant-at-Arms of the Senate.

Among the institutions to be visited are the State Hospital at Patton, the Butler School and the Normal School at Los Angeles and San Diego. The party will return to Sacramento by Monday night or Tuesday morning.

M'CARRY PLANS  
SHORT FIGHTS.Ready for Whatever Action  
Legislature Takes.Short Bout Permissible by  
Proposed Law.Greenwald Goes North to  
Visit Friends.Whether the anti-prize fighting bill  
passes or not, there will be boxing  
shows at the Naud Junction pavilion,  
according to Manager McCarry of the  
Pacifica Athletic Club.McCarry says he will continue himself  
strictly to the law, whatever it may be,  
after the Legislature adjourns, but  
that he intends to continue the game,  
either as it now is or under the proposed  
provisions, allowing fights of fifteen  
minutes.Should the proposed law pass, fights  
of four rounds each may be held, al-  
lowing three minutes for each round,  
with one minute rest between. How-  
ever, there appears to be nothing in  
the law to prohibit six round bouts—  
provided the rounds are cut to two  
minutes each, with half a minute rest.  
This would give two and one-half  
minutes for the last round.Under possible new conditions the  
second and third round fighter would  
be in a disadvantageous position, as  
few in numbers, it would take six to  
eight minutes to finish an evening's  
entertainment. Fighters could take  
rest in between rounds, thus making  
up for the comparative smallness of  
the purse which could be offered for  
six-round bouts.However, fight fans of Los Angeles  
are not fully convinced that the pro-  
posed law will pass, as indications now  
point. It is also likely that a com-  
promise provision may be introduced  
into the bill to allow six or ten rounds.At Greenwald, a stockholder in the  
Pacifica Athletic Club, has gone north.  
It is said that his itinerary includes a  
visit to Abe Attell at San Francisco,  
the purpose being to secure his promise  
for a battle in Los Angeles, possibly  
on the 15th inst. Greenwald is said to  
be a close friend of Attell's.Kila Selemon, who agreed to give Abe  
a bonus of \$600 to make the match.  
There also is a report that Abe has  
accepted the offer to fight on the 15th  
inst. at the Naud Junction pavilion.The San Francisco crowd, it is said,  
would like to have the Los Angeles  
fight contingent show up in force, in-  
cluding the Hill. Greenwald's trip may  
include the posing of the oil on the troubled  
waters for friends of the oil, and even  
include a side show to the state  
capital factory, in order to shake  
hands with the "workmen" and say  
"hello" to Los Angeles seafarers.

## OCCIDENTAL TRY-OUT.

Horse Meet Postponed Because of Ab-  
sence of Several Athletes and  
Bad Weather.Occidental held a try-out for her  
track, yesterday afternoon, but as  
many of the candidates were away on  
short vacation between terms out of  
town, the meet was neither complete  
nor satisfactory for getting a line on  
the new material.The annual horse meet was sched-  
uled for Saturday, but the absence of nearly all  
the old men made it impossible to hold  
it, and as the contest with Pasadena  
T.C. will occur next Saturday, the  
annual meet may not be held this year.  
However, a try-out will be held next  
week for all the men who did not  
compete yesterday.The 25-yard dash, two-mile run, 200-  
yard hurdles, high jump and pole vault  
events were not pulled off, as candi-  
dates did not appear on the oval.  
Thompson was the only one who ran  
the 200-yard dash, and he ran the  
distance in 17.3. Thompson also entered  
the shot put and threw the weight  
55.5, which is considered a good per-  
formance for the first try-out.The time in the sprints and distance  
races was slow, as the weather was  
warm and the men were not in top  
order. Marshall was unable to throw  
the hammer in his usual form, and  
in the shot put did not come up to  
expectations.Newman broad jumped 19.9% and as  
he has just started to train, his per-  
formance was not surprising. Sum-  
mary of events:  
100-yard dash—Bloss, Crane, Rush;  
time 16.4.  
200-yard run—Spring, Salisbury, H.  
Thompson; time 3:39.  
100-yard dash—Bloss, Crane, Rush;  
time 16.4.  
200-yard run—Spring, Salisbury, H.  
Thompson; time 3:39.Shot put—Thompson, Marshall, Con-  
rad; distance 25.5.  
Hammer throw—Marshall, Thompson;  
distance 106.16.  
Broad jump—Newman, Thomas; dis-  
tance 19.9%.NEARLY WINS AT LAST.  
(BY DIRECT WIRE TO THE TIMES.)  
NEWARK, N. J., Feb. 1.—(Ex-  
clusive Dispatch.) Duke University,  
Boston, who got a draw with Charlie  
Neary here on New Year's Day, was  
beaten tonight by Neary in the eighth  
round of what was to have been a  
ten-round contest.Neary had the advantage from the  
start, putting Decker down for the  
count of seven in the first round.  
In the semi-win-up, Jack Redmond  
knocked out George Breda in the  
eighth round. Redmond claims Breda  
was worked off on him as a ringer and  
in reality George Shroob, the Chicago  
lightweight.Neary gave his opponent a terrific  
beating and would have scored a  
knockout in the first round, more if  
Decker's second had not thrown a  
sponge into the ring. Both men fought  
hard from the tap of the first gong  
and the battle was interesting to watch.  
Decker mixed matters with Neary  
throughout the encounter, but usually  
to the worst of the exchange. The  
thrusty Bostonian was disappointed, ex-  
pecting him to put the sturdy Dutchman  
to sleep.QUALIFY FOR FINALS.  
Los Angeles Polo Team Will Contest  
for Mackay Cup With River-  
side Boys.  
(BY DIRECT WIRE TO THE TIMES.)  
RIVERSIDE, Feb. 1.—(Ex-  
clusive Dispatch.) The Los Angeles  
team won from Santa Monica by a  
score of 5 to 3, in the second match  
of the Mackay cup tournament this  
afternoon at Chemoza Park. The game  
was hard fought, more evenly con-  
tested than the score would indicate,  
and was watched and cheered by a  
large crowd of spectators.This victory will make the Los An-  
geles victors eligible for the final  
match.Whether the anti-prize fighting bill  
passes or not, there will be boxing  
shows at the Naud Junction pavilion,  
according to Manager McCarry of the  
Pacifica Athletic Club.McCarry says he will continue himself  
strictly to the law, whatever it may be,

May Be a Star.Freshmen, 4; juniors, 30; sophomores,  
25; seniors, 9.The Polytechnic High School fresh-  
men ran off with the honors of the  
annual field meet held at the school  
yesterday afternoon. They defeated the juniors,  
who were the stars of the day, the  
sophomores with 25 to 1, and the  
seniors, who struggled in at the tail  
end of the procession with only nine  
points to their credit.In the majority of the events por-  
tended for the freshmen, the school  
records were made. In the 100 yard  
dash, the freshmen showed a sur-  
prisingly good form.In the 200 yard dash, the freshmen  
showed a surprising good form. In  
the 400 yard dash, the freshmen  
showed a surprising good form. In  
the 800 yard dash, the freshmen

# CHINESE GRAFT IN THE COURTS.

THE SALE OF JUSTICE COMMANDS FAT PROFITS.

Corruption Extends to Everyone Connected With the Courts—Even the Highest Will Sell Justice to the Wealthy Jail Inmates Who Wish to End Their Misery.

[New York Tribune:] In China the courts are one of the richest sources of graft. The sale of justice is a frequent thing, and the judges are frequently bribed to private life with immense fortunes. The Chinese judge of the Shanghai Mixed Court, for example, who was dismissed from his office last year for acts which were alleged to be notorious, was said to have accumulated \$175,000 while holding this post.

Judicial corruption, according to such conservative authorities as Gen. J. W. Foster, former Secretary of War, and Baron Komura, at present the Japanese Ambassador to the Court of St. James, extends to all grades of court officials in practically every part of the Chinese empire. Not only does the chief magistrate of a province use his office to fill his pockets, but he also does the lowest court attendant, even a Chinese matron of the lowest rank, the selling of justice is a common thing. When Baron Komura was in China, he was accused of selling justice to a Japanese citizen who wanted to kill himself. When Baron Komura was in China, he was accused of selling justice to a Japanese citizen who wanted to kill himself.

In the recent action of the United States in making certain changes in the American court at Shanghai, the Chinese government may learn how it is to govern its own people. When charges were made at Washington that an American Consul at Shanghai was administering the court there for American litigants, the Chinese government was quick to deny the charges. When charges were made at Washington that an American Consul at Shanghai was administering the court there for American litigants, the Chinese government was quick to deny the charges.

Occasionally, a Chinese judge is accused of taking all the money he can get from both sides and then deciding the case to suit himself.

ACCOUNTS NEVER AUDITED.

The judge of a criminal court does not, as a rule, obtain as much graft as the head of a tribunal before which are brought civil cases in which large sums of money are at stake. Yet it has been said that a certain judge of the mixed court at Shanghai, where natives are tried on criminal charges before a native magistrate, cleared as much as \$250,000 a year from various kinds of "squeeze."

What still further increases the temptation of the Chinese judge to fill his purse at the expense both of the State and the people is the fact that his accounts are never audited or published. Accordingly, he pockets as much of the fines and state fees as he can, planning his superior by bribing them, and so warding off his dismissal. Another incentive to dishonesty is the open encouragement by the government of the practice of selling offices to the highest bidder. Men are not chosen so much because of their fitness for official positions as because they can pay more money for an appointment than their rivals.

"The sale of public offices," says George Kennan in "The Outlook," "was a means of obtaining revenue is openly authorized by the government, and no longer ago than last November (1905) Chao-Eh-Shun, the Viceroy of Mukden, received permission from the throne to raise funds by the sale of positions and official ranks in the province of Fengtien."

The policy of the Chinese government in selling offices and in paying its public servants such inadequate salaries that it practically forces them to practice all kinds of graft is, of course, suicidal. It is estimated that only one-sixth of the revenues of the empire reach the imperial treasury, the rest finding their way into the pockets of the governing classes.

He Was Misused.

Harry Laughlin told at an exhibition game in Toledo a billiard story. "Once when I had my own parlor in Columbus," he said, "I was a good deal disturbed by the loss of chalk. Chalk disappeared at a tremendous rate and I said to myself: 'Keep a better eye on the chalk, Jim. I'm no millionaire.' 'I know the game wot pockets the chalk, Mr. Laughlin,' Jim said, 'but they're regular customers, guess you wouldn't want me to offend 'em, would you?' 'Well, no,' said I. 'I wouldn't. You might give them a gentle hint though, use your diplomacy.' 'Jim, I found out later, used his diplomacy that night. He walked up to one of my best patrons who had just pocketed a piece of chalk and he said: 'You're in the milk business, ain't you, sir?' 'Yes, why?' the patron asked. 'I thought so,' said Jim, 'from the amount of chalk you carry away. The boss likes enterprise and he told me to tell you that if you wanted a bucket of water now and then you could have one and welcome.'"

Savage Surgery in Africa.

King Behanzin died an easier death than would have been his lot had he been left to the hands of his native wilds. What is the secret of their success? It is not easy to conceive, but many doctors' effect cures in spite of the most atrocious treatment of their patients. One of the party who was bearing Livingstone's body to the coast was shot through the leg, shattering a thigh bone. This is how they treated him: First, they dug a pit and buried him in such a posture that his limbs and arms were free. Then they covered the earth about his legs with a thick covering of mud. Upon this were heaped leaves and grass, to which fire was applied, directly over the fracture of the limb. The heat gradually worked down to the wound and the man suffered renewed agonies. After a while he was taken out and held quite fast while two giants, with all their might, stretched the shattered leg. Splints were duly applied and the man was pronounced on the way to a complete cure. That was the normal practice successfully followed for this class of cases. [London Evening Standard.]

The Boycott Enforced.

Father had finished his supper and picked up the daily paper, when Willie, who is a living question-mark, commenced in a drawing room, showing that he was thinking, and that something heavy was weighing on his mind and needed parental enlightenment. "Papa, oh, papa!" "Well, what is it, son?" "Do they make whalebone out of whales?" "Yes, son," said his father. "Then do they make sailing-wax out of seals?" "Papa, are people of Greece grass-eaters?" "No answer." "Then I suppose people of Cork are corked?" The paper was particularly interesting.

Since papa discouraged him he turned to his mother and asked: "Do squaws wear war-boots?" "Willie, it is time for you to go to bed," said his father severely. Willie started, but at the stair door turned and innocently asked: "Is my little trouble bed a boy-out?"

Would Take His Medicine.

The multi-millionaire was in great agony when he found he would probably be compelled to die rich. "Money," he exclaimed, piteously, "nothing but money! Is it not a punishment?" "Yes," replied the beggar at the gate, "and I call it capital punishment. Suppose you give up your wealth and die a happy man." But the multi-millionaire shook his head. "No," he answered, dolefully, "when a man is condemned to capital punishment he generally deserves it, so I shall take my medicine like a man." And then he called out his \$10,000 bullocks and drove the beggar off the premises. [Chicago News.]

**THE OIL INDUSTRY.**  
**ASSOCIATED AT COALINGA.**  
Combine 'Accused of Getting "Rake-Off" in Field.  
In Tests Deduct More Than Twice the Standard's.

The Associated and Standard are at present showing every apparent evidence of open competition in this field. Coalinga oil, in fact, stands as it may seem in view of their long working agreement and the widely accepted belief that the two corporations are really one. Their apparent rivalry has reached the stage of making faces at each other and passing accusations. Several days ago the completion of the standard monopoly of the high-grade light oil wells the combine handled the heavy fuel grades. Neither had the standard in the slightest degree with the standard. The standard, on the other hand, bought up the Standard's extensive territory on the west side and left the trust hard pushed. In the situation it promptly invaded the standard's preserves and bought up all in sight regardless of gravity. It is not on record just what the standard had to say to this, but it was to meet the increased prices offered by the standard. The latter immediately added another two cents to its price, whereupon the combine came better and the standard returned in like manner until now both are paying 30 cents a barrel. The standard has to say that it is mainly the nature of the contract which it has just made with the newly-discovered producers. What it really is is a hard and fast bar-ter for so many barrels at such and such a figure hedged with numerous conditions, but in this case the agreement is about as free and easy as any oil contract can be. The standard, however, has been making an examination of these lands with a view to determining their oil value. The tract contains 1,000 acres and it is said that the option is at \$1,500,000, covers the entire ranch and is conditional upon oil being found in paying quantities and upon the syndicate expending \$100,000 in development.

**PUMPING AT NEWHALL.**  
NO DRILLING; STEADY PUMPING.

The Standard Oil Company is pumping its wells in Pico Cañon near Newhall every day. The wells are for the most part comparatively shallow—from 100 to 200 feet or less. The deeper sands at Newhall have been tested only to a very limited extent and it is impossible to tell much of the future possibilities. No drilling is done except the deepening of a well from time to time. Almost no work is being done by other operators. The only drilling is that of the San Rafael Oil and Development Company in Pico Cañon on the opposite side of the standard's No. 2, down 200 feet, is being deepened.

**WHY WOMEN SUFFER**

Women have so much to go through in life that it is a pity there is so much needless suffering from backache, headache, dizziness, languor and other common aches and ills of kidney complaint.

Doan's Kidney Pills have brought new life and strength to thousands of women afflicted in this way.

Women are prone to kidney trouble. They have so much indoor work to do, so much lifting, bending and stooping; they are bound by custom to tight heavy clothing. They get little outdoor exercise, and any little cold may bring on a kidney weakness.

Don't worry if you feel tired and dragged out—if you have backache and headache, dizziness, and the feeling of some unbearable. In the morning when I got up I felt lame and sore, and had to make quite an effort to dress myself. I took medicine of various kinds, consulted physicians, but failed to get even relief. Finally, when my trouble was at its worst, a friend of mine advised me to use Doan's Kidney Pills, saying that she had been cured of similar suffering by Doan's Kidney Pills. Less than one box was sufficient to give relief and cure, and since then I have been well. I feel that I have recommended Doan's Kidney Pills to scores of my friends."

The Associated and Standard are at present showing every apparent evidence of open competition in this field. Coalinga oil, in fact, stands as it may seem in view of their long working agreement and the widely accepted belief that the two corporations are really one. Their apparent rivalry has reached the stage of making faces at each other and passing accusations. Several days ago the completion of the standard monopoly of the high-grade light oil wells the combine handled the heavy fuel grades. Neither had the standard in the slightest degree with the standard. The standard, on the other hand, bought up the Standard's extensive territory on the west side and left the trust hard pushed. In the situation it promptly invaded the standard's preserves and bought up all in sight regardless of gravity. It is not on record just what the standard had to say to this, but it was to meet the increased prices offered by the standard. The latter immediately added another two cents to its price, whereupon the combine came better and the standard returned in like manner until now both are paying 30 cents a barrel. The standard has to say that it is mainly the nature of the contract which it has just made with the newly-discovered producers. What it really is is a hard and fast bar-ter for so many barrels at such and such a figure hedged with numerous conditions, but in this case the agreement is about as free and easy as any oil contract can be. The standard, however, has been making an examination of these lands with a view to determining their oil value. The tract contains 1,000 acres and it is said that the option is at \$1,500,000, covers the entire ranch and is conditional upon oil being found in paying quantities and upon the syndicate expending \$100,000 in development.

**AMALGAMATED'S REPORT.**  
COMPANY SEEMS PROSPEROUS.

The annual report of the Amalgamated Oil Company, the Associated's local operating company, issued yesterday, shows good gains for 1906. The company's earnings for the year were \$1,736,473.77, including the earnings of the subsidiary corporations, the Arcata, Utah-California Consolidated and Salt Lake. Costs of production, transportation, and other expenses, interest and taxes amounted to \$1,338,012.77, and depreciation at 14 per cent. to \$105,611.55, leaving a total net profit of \$292,849.45 for the year, or \$24.44 a month. Seven dividends amounting to \$100,000 were paid. The principal improvement during the year was the refinery at Alhambra avenue and Bloom street, erected at a cost of \$200,000.

**NEW CRUDE OIL BURNER.**  
According to the Portland Enterprise, M. C. T. has developed a new burner for venting a crude oil burner for ventilation or burning which he claims is an improvement on any burner yet put on the market. The improvement, which he claims is an improvement on any burner yet put on the market, is that it burns oil without smoke or odor, and can be so adjusted as to have any amount of heat required. Mr. Lord has already sold 114 of these burners.

**A BRAINY CHILD**  
A Wise Mother Proves the Value of Grape-Nuts in Rearing Children.

There is no surer test of real knowledge than the personal test; observation with our own eyes and other senses.

"Having been raised to believe that one could not exist without meat, hot biscuit, and coffee for breakfast, I was skeptical at first about the value of Grape-Nuts."

"But our little girl as well as myself had indigestion all the time and I could not understand why."

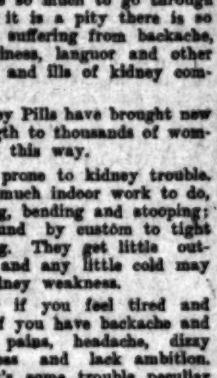

"About five years ago, attracted by Grape-Nuts, I decided to try some. I was skeptical at first about the value of Grape-Nuts, but I was worried about our little girl."

"In a short time after changing from heavy food at breakfast and supper to Grape-Nuts, she was more cheerful, put on flesh, and now, after five years of this way of living, at the age of ten she is 4 feet high, weighs 81 pounds, is in the 6th grade, and in every way is a fine brainy child."

"Our boy, 5 years old, has been raised on Grape-Nuts, eats it for two meals each day, is very large for his age, and fine looking." Name given by Postum Co., Battle Creek, Mich.

Read the little book, "The Road to Wellville," in pigs. "There's a reason."

## THE CITY IN BRIEF

## NEWS AND BUSINESS.

## Valuable Corner Sold.

Charles O. Goodwin has just sold to Mary F. Giffard the property located at the northeast corner of Eighteenth and Figueroa streets. It has a frontage of 152 feet on Figueroa street and a depth of 155 feet on Eighteenth street. The consideration named is \$25,000.

## Knocked from Wheel.

L. Kirsch of No. 1145 Maple avenue was taken to the Receiving Hospital last night, suffering from bruises on the limbs and body. He says that an automobile knocked him off his wheel at Main and Pico streets. The automobile was speeding on the wrong side of the street, he avers.

## Students Will Speak.

Students of the University of Southern California will have charge of the Prohibition meeting in Symphony Hall on Sunday afternoon at 3 o'clock. The 7:30 curfew will speak on "The Labor Problem," W. A. N. Porter, on "Prohibition," and R. Brown on "Modern Slavery." Miss Curran will sing.

## Secretary Will Preside.

Secretary D. E. Luther of the Young Men's Christian Association will preside at the Prohibition meeting in the auditorium of the Polytechnic High School, Washington and Hope streets. The subject will be "The Battle With the Slums," illustrated with stereoscopic views. The Polytechnic High School Entertainment Committee has the affair in hand.

## Lark Ellen Proceeds.

The Lark Ellen Newsboys' Home will realize from the Bryan lecture a net benefit of \$144.65. The proceeds of the lecture—gross—were \$1021. Of this Bryan received one-half, or \$510.50. Advertising expenses, hall rent, and other incidental took up the rest, but as the Home was absolutely without expense, trouble or risk on the matter, this profit is a neat and convenient sum.

## Didn't Get the Hat.

Louis Ring, a Chinese, leaped lightly from a south-bound Spring-street car after his hat yesterday morning. But Louis leaped after the manner of women and of his race, with his back toward the front of the moving car. He did not get the hat. The police ambulance took him to the Receiving Hospital, where surgeons applied splints and bandages to his back, arms and legs. He was released after a few hours. Who got the hat was not learned.

## Special Party Coming.

Under the auspices of the Tacoma Chamber of Commerce a party of 100 or more prominent citizens of that town will start for Los Angeles by special train on February 1. It is expected that the party will reach this city on February 16 and will probably make their headquarters at the Lankershim Hotel. The party will visit Pasadena, Catalina Island, Redlands and Riverside via the "Inside Track." Arrangements are being made to entertain them.

## Academy of Sciences.

The next meeting of the Southern California Academy of Sciences will be held Monday evening at Symphony Hall, No. 225 South Hill street. It is an illustrated lecture by Prof. H. W. Ritchie of the Solar Observatory on "The Sun and Its Future Possibilities." Prof. Ritchie's attainments as an astronomer and instrument maker are known throughout the world. He is at present configuring the sixty-inch lens for the Mt. Wilson Observatory, and has since commencing the building of the Hooker lens, 100 inches in diameter, the largest in the world.

## Alleged Hold Up.

Henry Moore of the Hotel Palma reported to the police yesterday that he was held up and robbed of a watch and \$50 near the Llewellyn Hotel on Broadway on Thursday. The alleged robbery occurred at 10:30 p.m. Moore, who is a native of California, said he was walking alone when he was stopped by two men. One of the men, who was armed with a revolver, forced Moore to open his pockets. Moore complied, and the men fled. Moore called the police and reported the robbery.

## PUPILS' RECITAL.

Closing Event of Commencement Season at the University of Southern California. The College of Oration of the University of Southern California gave a pupils' recital last evening, bringing to the work of the first semester to a close. The programme presented a great variety of selections by students of various grades and a large audience listened to their presentation.

## Those who took part include:

Miss Elmore Albert, Beulah Broder, Eva Smith, Albert Shurtle, Helen Pines, and Lillian Prosser. The new semester's work at the university will begin on February 11.

## HOLLENBERG LODGE, K. P. P.

A. M. will confer the Third Degree this (Saturday) evening, Feb. 2, 7 p.m. J. WILLIAMS, Secretary.

## Ingleside Park Cemetery.

Five miles from the city on the Los Angeles and Redondo Highway. Care given at entrance. The association's automobile will call and take out persons who are interested in looking over the grounds of the cemetery. THE MARK OF GOOD CLOTHES  
KNOW US FOR BEST VALUES

WE'VE OUR  
FIGHTING  
CLOTHES  
ON

and we're giving prices  
the worst of it.  
We believe in honest  
value giving always, but  
now we're over-reaching  
the mark. We've knocked

A THIRD OFF

all prices on men's and  
youth's suits, overcoats  
and raincoats. And we  
want it distinctly under-  
stood that we're in the  
ring for a fight to the fin-  
ish. Come today for your  
bargains.

Read the particulars in  
our big ad on page 7 part  
1 of today's Times.

Staub Shoes

For Your  
Children

There is no place in Los  
Angeles where you can find  
better values or newer styles in  
children's shoes than at  
Staub's.

When you buy shoes for  
the children, here, you can  
depend on absolute satisfac-  
tion.

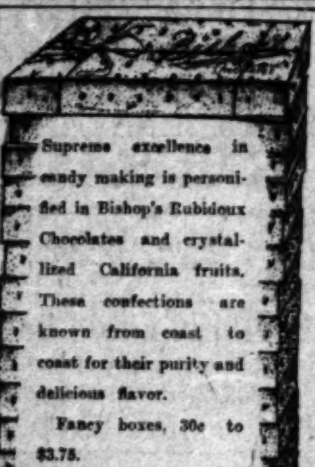

The extensive variety of  
pretty new styles makes  
choosing at Staub's a matter  
of pleasure.

Bring the children today  
and have them carefully fit-  
ted with serviceable Staub  
shoes.

We close at 6 p.m. Saturdays

Coulter Dry Goods Co. Sole Agents for  
Old Bleach Linens

219-229 South Broadway 224-228 South Hill Street

Half Price Laces

A charming assortment of really fine patterns in Pt. de Paris  
edges, and Valenciennes insertions, in white and cream, are on  
sale just now at 12½c to 37½c—worth double.

Widths are those most in demand for trimming dressing  
sacques, petticoats and undermuslins in general. And as  
they launder perfectly, they are exceedingly durable. Widths  
from 1½ to 6 inches—half price.

Men's Night Shirts 50c  
Extra long and full night shirts of finest quality outing flannel,  
fifty cents. Others at \$1 and \$1.25.

Special Today  
Men's Half Hose, 2 for 25c  
Two-thread absolutely seamless half hose, fast color, black or tan,  
at two pairs for twenty-five cents today.

Spring's Suit Styles

Extremes meet in this collection of wool suits for spring wear. From the carefully  
tailored model at fifteen dollars, for the woman whose requirements are for a modest  
business or semi-business suit, to the aristocratic garment at a hundred and fifty dollars,  
there are no gaps.

Suits are shown in many shades and colors, and varying patterns, from the small  
broken check to the stripe with the hair line running in cross section. The open but firm  
Panama weaves and lightweight broadcloth predominate, and in style, short jackets,  
with full pleated skirts, prevail.

We present them to you with full confidence in their power to please and satisfy.  
Personal inspection will tell the story more forcibly than words can, we invite you to see  
for yourself such charming models as

Suit for \$20.00 Light gray stripes, with box coat, half fitted, black velvet collar,  
plaid skirt.

Suit for \$25.00 Of cream material, having brown and tan pin stripes to form  
check, Eton jacket, with green linen trimming, outlined with  
braid about waist, skirt plaid.

Suit for \$30.00 A novelty stripe, cut with hip length half fitted coat showing  
stitched strap trimmings, red broadcloth cuffs and collar, trim-  
med with silk braid and gilt buttons, skirt plaid.

Suit for \$37.50 Golden brown panama, in Eton Jacket style, wide silk braid  
ornamentation, plaid skirt.

BIDDING FOR STOCKS

THE first session of the Los Angeles Stock Exchange in the new quarters was exceptionally active. The opening day of the new building was continued through the day, with the Los Angeles Stock Exchange being a most prosperous association at the beginning of the new year.

Associated with the stock market was the oil market. The oil market was the strongest feature of the day, with oil stocks being pushed by a strong bid. The oil market was closed at 45.50, with a high of 46.00 and a low of 45.00. The oil market was closed at 45.50, with a high of 46.00 and a low of 45.00.

The oil market was closed at 45.50, with a high of 46.00 and a low of 45.00. The oil market was closed at 45.50, with a high of 46.00 and a low of 45.00. The oil market was closed at 45.50, with a high of 46.00 and a low of 45.00.

NEW YORK MARKETS

NEW YORK, Feb. 1.—Business at the stock exchange today was active, with a volume of trading that was not seen since the early part of the year. The market was characterized by a strong bid for oil stocks, which were pushed to new highs.

The oil market was closed at 45.50, with a high of 46.00 and a low of 45.00. The oil market was closed at 45.50, with a high of 46.00 and a low of 45.00. The oil market was closed at 45.50, with a high of 46.00 and a low of 45.00.

**IN THE EARTH.****RARE MINERALS, MINES AND METALLURGY.****POPULAR QUERIES AND EXPERT ANSWERS.**

(Answers to legitimate questions in metallurgy, metallurgy, chemistry and geology will be given here, but only when of interest to the mining or commercial world. Personal questions from curio dealers and mineral collectors, on ores, minerals, earths or metals of non-commercial value, and assays for metal, will not be answered, but should be written direct to analysts and assayers. Address The Times.)

**Calcareous Marl.**

PASADENA, Jan. 12, 1907.—[To the Editor of The Times:] Please give me some information on the sample of ore in this box and greatly obliged.

E. J. M.  
ANSWER: The specimen submitted is a good grade of calcareous marl.

of value as a ground fertilizer, and in the cement industry.

**Turquoise and Iron Silicate.**

LOS ANGELES, Jan. 11, 1907.—[To the Editor of The Times:] Will you kindly give me commercial value of accompanying samples in your "In the Earth?"

Yours truly, D. G. M.  
[Signature]

**Magnetite.**

TUCSON (Ariz.) Jan. 4, 1907.—[To the Editor of The Times:] I send you a sample of what is claimed as "native carbonate of magnetite." The find is in Southern California, and, if of value, you would do a great favor for several "mining boys in the hills" by giving us an analysis.

While you are at it, give us a description of the material and also the California localities where it is found, together with its uses, etc.

Yours truly, W. R. H.  
ANSWER: The specimen is magnetite. You strike a tender chord when you allude to mining boys. Complying with your request for an analysis of the material, the results in percentage are subjoined: Silicon dioxide, 13.10;

alumina and iron, 54.90; lime, 1.00; magnesia, 45.65. Other matter not determined.

Magnetite is a mineral, i. e., a homogeneous chemical substance which neither forms nor retains any traces of having formed part of an organized being; and "which has not been produced by the application of physical forces by man." Pure magnetite is native magnetite carbonate, made up of carbon dioxide, 53 per cent., and magnesia, 47 per cent. Magnetite varies in color and in purity. It is usually white or gray, but often occurs in pale yellow, pinkish, and even black. The impurities are various: silicates, alumina and iron. Luster dull to vitreous. Hardness, 4.5. Structure massive, reniform and botryoidal. Fracture compact, granular and earthy. Specific gravity, 2.5 to 3.1. B. H. whitens. Limes, lower carbon dioxide and is infusible, with residue of alkaline reaction. Cobalt solution added to specimen (a drop or two) after heating and then heating a second time, gives a red color to the specimen. Magnetite dissolves slowly in nitric or dilute sulphuric acid, accompanied with slight effervescence.

"As an insulating material with regard to electrical resistance and relating to 'breakdown voltage,' magnetite is superior to asbestos. On 'arc tests,' in which the specimens of each are subjected to the heat of an arc lamp for a period of twenty seconds, the power of the arc being 500 watts, shows that asbestos board is a better non-conductor of heat than magnetite board. For 'vibratory strength' tests, magnetite is superior to asbestos. For absorbing moisture, magnetite board far exceeds asbestos. Magnetite board can be sawed, nailed and used as lumber more readily than that of asbestos."

The production of magnetite in the United States is confined to California. During 1904 the quantity of output was 2400 tons crude, valued at \$2500. With the exception of fifty-one tons from Fresno and Napa counties, this was all derived from the deposit at Porterville, Tulare county. For 1905 the quantity reported was 2744 short tons crude, valued at \$1035.84, equivalent to 1961 tons calcined, worth \$20,000.

"In 1905 the production (in money value) as compiled by the State Mining Bureau, was \$14,221. These prices are for the crude or raw material on board the cars at the mines, freight not included."

The demand for both crude and calcined magnetite is limited on the Pacific Coast, and the prohibitive freight rates have thus far prevented shipments east of the Missouri River. Oregon and California consume what is now being produced in the latter State, the crude being used by the manufacturers of carbonic acid gas, and the calcined product by the paper mills."

**California Magnetite Localities.**

Alameda county magnetite and hydro-magnetite at the King mine, twenty miles southeast of Livermore; deposits extend to thirty miles south-east. Diablo Range and Cedar Mountain. Fresno county, at numerous localities. At night, and on one side of the river, near Walker's Pass. Mendocino county, north of Cloverdale, Napa county, many large deposits. Malheur county, large deposits near Porterville. (Catalogue of Minerals West of the Missouri River.—Hall.)

**It Glitters.**

LOS ANGELES, Jan. 11, 1907.—[To the Editor of The Times:] Is this gold?

ANSWER: The specimen is basalt encrusted with iridescent iron (peacock ore.) At night, and on one side of the river, near Walker's Pass. Mendocino county, north of Cloverdale, Napa county, many large deposits. Malheur county, large deposits near Porterville. (Catalogue of Minerals West of the Missouri River.—Hall.)

The yellow spurious gold is

north and south of Rutherford. An old producer is the Stanley mine. The White Rock and Pope Valley near Rutherford. Placer county has probably the largest undeveloped prospects in the State, near Damascus especially. Riverside county near Winchester. Santa Clara county, Diablo Range, Red Mountain, the Weber ranch and near Madrone. Sonoma county, many deposits, the Cron mine, the Cummings, the Eckert ranch, all near Cloverdale, the Madrone mine near Healdsburg and northwest of Healdsburg. Tulare county, scattered deposits. Tulare county, large deposits near Porterville. (Catalogue of Minerals West of the Missouri River.—Hall.)

It Glitters.
